Race

- Hispanic or Latino American Indian or Alaska Native Asian
Black or African American Native Hawaiian or other Pacific Islander White

MAJOR CODES: 0012 and 0014

Advisor: Transfer admission counselor in concert with Rodd Newcombe, Academic Support Center

Program Features

- This program is available to students currently attending any state of Florida college or community college. (enrollment is on a space available basis).
- Tuition, while enrolled as a special community college student, is \$100 per credit payable at the time of class registration. Credits will be recorded on a Florida Tech transcript at the end of each semester (there is a \$5 transcript request fee). Upon matriculation as a full-time undergraduate student, the tuition rate will be the current Florida Tech tuition rate at that time.
- Students enrolled in this program who ultimately matriculate to Florida Tech are eligible for all scholarship and financial aid programs offered by the university. U.S. citizens who qualify may also receive additional aid from state and federal sources.
- Some Florida Tech courses and other costs are not included in the \$100 per credit tuition offer (i.e., textbooks and supplies, flight training, internship courses and others as determined by the university). Flight training costs are incurred at the current training rates. These costs are in addition to university tuition.
- Participants are eligible to take up to 12 semester hours of credit with the Special Community College program.

Application Process

1. Contact the Florida Tech admissions office at 321-674-8030 to schedule an appointment.
2. Complete this form and submit to the Florida Tech Transfer Admission office.
3. Submit a college transcript. It may be necessary to ensure that prerequisites have been satisfied for the courses the student plans to complete at Florida Tech.
4. Students applying as Special Community College ROTC Students must have ROTC approval.

I understand and agree to the terms and conditions set in this document
